

Directory of Manufacturer Online Product Registration Pages

The attached list will help consumers find the websites to register their infant and toddler durable products online. We researched makers of children's products and included them in this list to provide a "one stop" resource for consumers that includes as many manufacturers as we could identify.

The new law requiring product registration, both via cards and online, went into effect for many products manufactured after June 28, 2010. Others (noted in the directory) will be required to have the system in place after December 2010. The law covers products manufactured after those dates, so the products currently on store shelves may not have the cards available.

Parents should use this directory now to register both newly purchased products and items you are already using with your children. Try using a form, such as the Child Product Safety Checklist available at www.KidsInDanger.org to make a list of products before you get to the computer. The form and its contents can't be used for marketing or sold -- it can only be used to notify you in case of a recall or other safety issue regarding the product. Registering your products online and providing your email address is the most effective way to ensure you are notified in the event of a recall.

We were pleased that so many manufacturers already offer the product registration form on their sites, including the prohibition on marketing. We applaud their efforts to provide consumers with this important safety tool.

But some manufacturers, as can be seen on the list, either don't know about the new requirement or aren't yet complying. We urge CPSC and other regulators, such as states' Attorneys General to monitor compliance. We urge all manufacturers to actively participate and do what they can to get all their products registered – it will make any future recalls much more effective.

We will be working to improve this list. If we are missing sites or manufacturers, please send the information to email@kidsindanger.org or cfa@consumerfed.org.
