

## Money stolen via digital payment apps

(in millions)

Losses have increased by **over 200%** since 2021

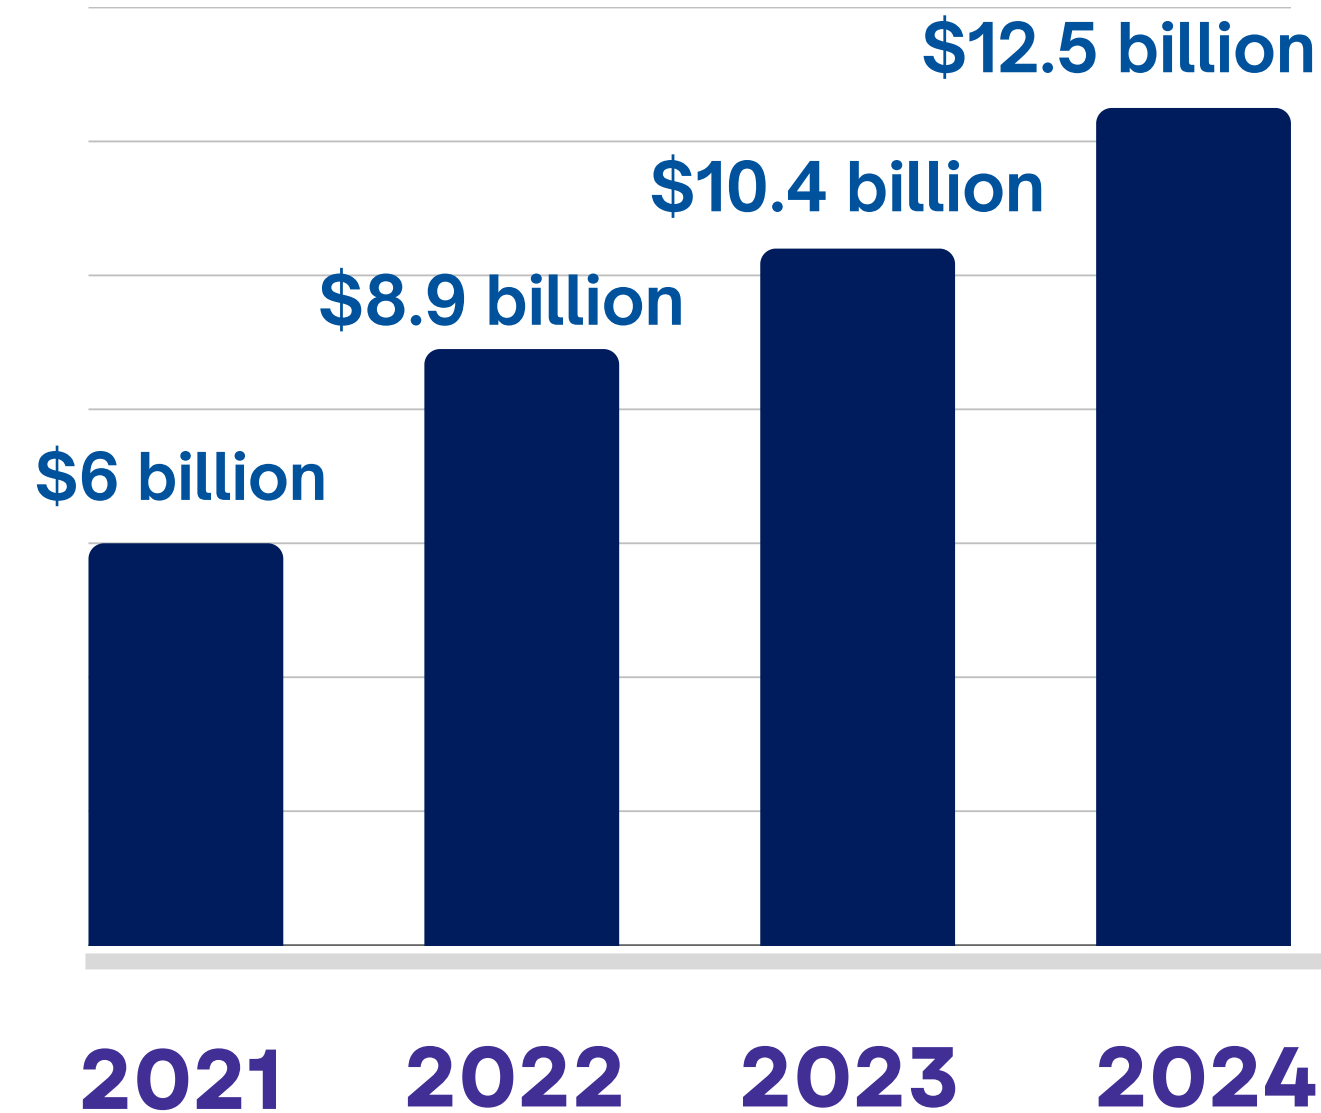

## Total money stolen by fraudsters

Losses have **more than doubled** since 2021

These numbers reflect *reported* fraud losses, which is a fraction of what consumers truly experience. The FTC estimates that *actual fraud losses* are significantly higher and likely **exceed \$150 billion\***.

# Trump and Congress abandon defrauded consumers

**Americans' Fraud Losses**

**2025**

Elon Musk's DOGE invades CFPB, gaining "god-tier access" to highly sensitive data and corporate trade secrets.

February 7

Trump administration halts all CFPB work and illegally fires hundreds of CFPB and FTC employees, including technologists.

February 8-28

Trump-led CFPB issues a corporate pardon for Zelle opening its doors to nearly \$1 billion of fraud on consumers.

March 4

Republican-led U.S. Senate votes to permanently ban the CFPB from supervising big tech digital payment apps.

March 5

Trump illegally fires two democratic Federal Trade Commissioners.
